

National Small-bore Rifle Association

Insurance scheme for affiliated Clubs,
Associations and Organisations

Introduction

Providing insurance protection for NSRA affiliated Clubs, Associations and Organisations

What is the NSRA insurance scheme?

One of the benefits of your club/association/organisation becoming affiliated to the NSRA is the automatic provision of insurance to protect you in the event of causing injury to third parties, damage to their property or financial loss.

In addition to the covers provided within your affiliation there are also options if clubs/associations/organisations would like to increase certain cover limits or include additional benefits. This is detailed within this brochure.

What covers are provided?

This leaflet provides a brief summary of the features, benefits and limitations of the cover provided/available by the NSRA policy. These products are arranged by Marsh Sport and underwritten by AXA XL Insurance Company UK Ltd (Sections 1 to 7) and Markel International Insurance Company Limited trading as Markel Legal Expenses Insurance. (Section 8 only).

This specialist insurance scheme has been designed to provide cover for NSRA member Clubs, Associations and Organisations. At a glance the insurance provided includes the following:

1

Public and products liability

Provides protection against legal liability for bodily injury to third parties and damage to third party property.

2

Protection for committee members and club officers against claims relating to safeguarding, including mental or physical abuse perpetrated by a member.

Provides cover in respect of claims made against the club/association/organisation for injuries caused to an employee arising out of and in the course of such employment.

4

About the policy

How is this cover arranged?

By NSRA arranging cover as a group insurance scheme it means that premiums are more manageable for their affiliated club/association/organisation.

Cover will automatically be obtained via the affiliation process. Individual members can also purchase their own policy and a separate summary is available. Further details of the scheme benefits can be found overleaf.

As this is a summary of cover it does not include all the policy benefits, limits and exclusions. Full terms, conditions and exclusions are shown in the master policy document, a copy of which is available on request or at marshsport.co.uk/nsra.

Who is insured?

The following persons would be covered:

- The Club Committee,
- Officers and Trustees,
- Affiliated Members,
- Junior and Probationary Members,
- Guests and Visitors who are signed in/recorded in the visitors' book,
- Club volunteers.

While the NSRA does not advocate lone shooting, it is recognised that certain activities such as rough shooting and vermin control generally take place away from a shooting club environment. In line with NSRA rules and insurers' requirements it is essential to observe 'best practice' at all times when all insured activities are undertaken. Further details can be found on the NSRA website under 'codes and guidance'.

Member to member cover is automatically included (that is if you accidentally shoot/injure another member). Additionally, if you rent/hire premises and an incident caused by you means the premises owner is sued as a result, cover extends to the owner.

Is the NSRA insurance adequate for my club/association/organisation?

This product is designed to meet the demands and needs of the majority of NSRA affiliated clubs/associations/organisations that wish to protect themselves against third party liability. Cover extends to include the provision of cover for shooting equipment and general contents with options to increase the sums insured by purchasing an additional policy. In addition there is an option to purchase a policy for legal expenses insurance. See page 7 for details of how to purchase additional cover.

The above statements do not constitute advice or a personal recommendation for our product. Should you require advice please contact Marsh Sport.

Ministry of Defence (MoD)/ Crown Facilities

A significant number of NSRA clubs use Reserve Forces and Cadet Association and/ or MoD facilities. The Association's Combined Liability protection has been extended to include the following:

- 1 Includes "The Secretary of State for Defence" as a protected party.
- 2 In relation to Clause 1 – Indemnity. This clause has been extended to re-state the definition of damages:

"damages includes all sums which the NSRA, Affiliated Clubs and Organisations may be liable to pay to the Secretary of State for Defence or the Crown under the indemnity provisions of any licence which the Secretary of State for Defence may from time to time grant to the NSRA for the use of any Reserve Forces and Cadet Association and Ministry of Defence facilities."

- 3 In relation to the Claims Conditions, the following paragraph has been deleted for claims put forward under the licences now or subsequently in force between the NSRA, Affiliated Clubs and Organisations and the Ministry of Defence for use of Reserve Forces and Cadet Association and Ministry facilities:

"No admission offer promise payment or indemnity shall be made or given by or on behalf of the club without the written consent of the Company which shall be entitled to take over and conduct in the name of the club the defence or settlement of any claim or to prosecute any claim in the name of the club for its own benefit and shall have full discretion in the conduct of any proceedings and in the settlement of any claim."

Making a claim

All incidents that could give rise to a claim must be reported and any writ or summons you receive must be forwarded to Marsh Sport immediately. Please note failure to report a circumstance or a potential claim immediately could result in this policy not covering the incident.

To report a claim or incident please contact Marsh Sport on 0345 872 5060 (9am to 5pm Mon to Fri) or email marshsport@marsh.com

Important notes

Sums insured (only applies to sections 6 and 7).

All property sums insured should represent the full value of all property at risk, based on replacement as new values. Failure to assess sums insured correctly may mean that insurers will penalise you in the event of a claim. Additionally, insurers will require a Police Crime Theft number in the event of a claim.

Claims made (please note this only applies to sections 4 and 5). The term used to describe the type of policy that will only respond to a loss or claim that is reported to the insurer during the period of the cover. This is in contrast to policies that respond to a loss or claim that occurred during the period of cover. With a 'claims made' policy the incident that causes the claim doesn't need to have happened during the period of the policy but it must have occurred after the retro-active date*. Incidents reported after a policy has expired would not be covered.

*Retro active date "Claims made" policies mean that an incident that causes a claim doesn't need to have occurred within the period of the policy but the policy will define a date before which cover would not be provided - this is the policy's retro active date and will be stated on the Evidence of Cover issued by NSRA.

Minimum Security Standards (please note this only applies to sections 6 and 7). The Insurer shall be entitled to refuse to pay any claim unless the following minimum security protections are complied with in respect of contents covered within a building:

- (a) all final exit timber doors must (i) have frames which are at least 45mm thick, (ii) be fitted with mortice deadlocks which conform to British Standard 3621:1980 for thief resistant locks; and (iii) if double leaf, also be fitted with security bolts at the top and bottom of their first closing leaf;
- (b) all final exit aluminium doors must (i) be fitted with a swing bolt mortice lock; and (ii) if double leaf, also be fitted with security bolts at the top and bottom of their first closing leaf;
- (c) all other external or internal doors leading to common areas or other premises must be fitted with key operated security bolts at the top and bottom; and
- (d) all windows on the ground floor and/or which are accessible from roofs, fire escapes or downpipes must be fitted with key operated locks or bars or grilles.

Requirements (a) - (d) above shall not apply to any door or window officially designated by the fire authority as a fire exit.

- (a) both access doors must be fitted with at least one 6mm-16mm Mul-T-Lock (C Series) closed shackle padlock on each leaf; and
- (b) the central closing point where both doors meet must be fitted with at least one 11mm-13mm Mul-T-Lock slide bolt lock incorporating a metal covering box.

In respect of any other structures covered under the Ancillary Buildings Specification, all reasonable security measures must be fitted to protect those structures from unauthorised access..
